Remarks

Experience the ideal combination of country living and modern convenience on this exceptional 3.3-acre horse property. Designed to support both equestrian and rural lifestyles, the property includes a powered mare motel, a private solar-powered entry gate, and an expansive 10-car driveway with abundant space for horse trailers, RVs, and other recreational or business needs. Major improvements include a newer A/C system still covered by approximately three years of warranty, a brand-new water heater with a six-year warranty, a new corrugated steel roof, a refinished back patio, and a screened & epoxied Arizona room. In addition, the septic system is less than three years old, offering added peace of mind. An appraisal completed in January 2026 placed the property's value at $660,000.
